Neurology referral

Case: R103

Referring clinic: Harbor Clinic

Intake form priority: Routine

Request: outpatient neurology consultation.

A signed reviewer report is required before routing.

An MRI order and a lab order do not establish a completed report.

These fields are fictional and are provided for workflow testing.

Signed review

Case: R103

Status: signed

Routing instruction: MEDIUM

Standard review and scheduling requested by the signing reviewer.

Signed: Demo Neurology Reviewer

Laboratory documents

Document type: laboratory order

Status: ordered

Requested panel: basic metabolic panel

No final laboratory result is included in this packet.
